‘Emerging from the Ashes’
The Inspiring Restoration of Bracken Court

*A presentation by Ted Daniels,
owner and developer of Bracken Court Building, Moray Place, Dunedin.*

The disastrous fire which engulfed much of Bracken Court in May 2005 could have meant the end for another heritage building in Dunedin. Instead, the vision of Ted Daniels to retain the building and re-develop it from the ashes has proven to be a shining example of adaptive re-use of a heritage building in Dunedin.

Ted will talk about the reasons for his decision to re-develop the building and why that option appealed to him. He may also talk about his plans for the former Bank of New Zealand building in The Exchange of which he is co-owner.
